

HEADTEACHER'S MESSAGE

Personal, Social and health Education at KGPS

In addition to English and Maths, children learn a wide range of subjects in UK primary schools. In addition they learn about safe and healthy lifestyle choices and about our diverse and inclusive society. They learn about how to keep safe in mind and body in age appropriate ways and importantly to decide how to speak out if they don't like something.

Teachers are always happy to talk to you about the breadths of learning on offer and how this turns them into thoughtful and agile learners and citizens.

Congratulations to Karen Windmill. Nominated for the Children's book Circle Librarian of the Year award AND awarded.

We are so delighted for Karen to be recognised in this way – it is rare to have a dedicated school librarian in a Primary school and a rarer thing indeed to have one with such knowledge and skill.
