

HEADTEACHER'S MESSAGE

Dear parents/Carers

Welcome back to school and to the summer term – although the weather certainly doesn't feel summery!

Sadly the fields are water logged but we are so pleased this did not deter our belated EASTER EGG hunt today after school. A massive thanks to you all for your participation and good humour and of course to our incredible Parents and Friends Association for leading the fun.

A date for your diary is this Thursday the 19th April. We are offering a parent meeting to come and learn more about how children cope (or not) with worry and anxiety.

All children have fears. Your baby may panic if a stranger picks her up. Your toddler may be afraid of dogs. How many children had a tummy ache coming back to school this week? Some children worry a lot more than others. It's always painful to watch a child suffer from anxiety, but it's especially difficult if you're not sure whether she's worrying *too much* and might need help.

Lotte – our school counsellor will be giving some fantastic advice on what to look for and how to help your child to cope worry with and how you can support their emotional development.

Do come along.
