

## HEADTEACHER'S MESSAGE

Dear parents/Carers,

What a wonderful week we have had. I couldn't be prouder of the children staff for their teamwork and commitment to our school and also to our community.

Our Eco-champions raised over £250 this week by washing cars, selling cakes and entertaining us. The money is to go towards our Anti-Glitter pledge to ONLY buy sustainable glitter. This is hugely expensive and rather than go without our Eco-team have raised money for us to use biodegradable glitter.

In addition some of our older pupils took part in the annual inter school maths challenge ...here is the feedback from the organisers:

"On behalf of the staff and students of Kingsbury High School I would like to express my sincere gratitude and congratulations to you and the students of Kingsbury Green Primary for participating in the 2018 Kingsbury Maths Mash Up. We were all impressed by the level of enthusiasm and mathematical thinking displayed by your school's competitors throughout the whole event and would like to especially congratulate Minisha for being part of the winning team."

And finally our wonderful PFSA have organised another wonderful family fun fair. Their generous time and effort have created one of our best fairs ever. THANK YOU

Laura Wynne
